WELCOME

UQ is a university that is steeped in tradition and history, yet we are at the forefront of innovations that have real impact in societies around the world.

Your student experience will be shaped by this legacy, and informed by robust, globally recognised teaching and research.

We will empower you with the skills and confidence to excel, no matter where life takes you.

You will be taught by outstanding, inspiring teachers at a university that has won more national teaching awards than any other Australian university.

You will be guided by game-changing research leaders who pioneer positive change within our community locally and globally.

You will study among talented students because our high entry standards mean you will learn with some of your generation's best.

You will become part of a global network of in-demand graduates who create change all over the world. These successes elevate the value of a UQ degree with sought-after employers.

You will graduate from a globally recognised institution, as UQ ranks in the top 50 of more than 10,000 international universities.

You will have fun by immersing yourself in a range of extracurricular activities, including sports, clubs and societies, live performances, markets, exhibitions, and special events.

I am confident that you will thrive here.

**Professor Peter Höj,
President and Vice-Chancellor**

PIONEERING CHANGE

In 2017, UQ received the second highest level of funding for any Australian university from the Australian Research Council. We receive

A\$368 million

in funding annually.

UQ received the maximum five-star rating for research grants and research intensity.
(Good Universities Guide, 2016)

95% of our research fields are above world standard.
(Excellence in Research for Australia, 2015)

Our Institute for Social Science Research analyses society's 'big' issues including social disadvantage, employment, education, sustainability, social wellbeing, health and housing.

(Postgraduate Research Experience Questionnaire 2016)

Heron Island Research Station, located on the Great Barrier Reef, is internationally renowned for coral reef research and student training in marine sciences.

At UQ, we create knowledge.

You will discover our latest innovations and the people and technology behind them. Our world-leading researchers will be your teachers, so you can learn from the world's best, be inspired and understand what it takes to pioneer change.

Innovations for the world

We are a global research leader in biosciences, nanotechnology, engineering, sustainable development and social science. Our innovations are impacting millions of people around the world.

- **Gardasil® cervical cancer vaccine:** used in more than 120 countries, saving an estimated 120,000 lives annually.
- **Conservation:** software developed by UQ has enhanced conservation planning globally in areas like the Great Barrier Reef and the Galapagos Islands.
- **Triple P Positive Parenting Program:** helps millions of children and families in 25 countries.
- **MRI machines:** UQ technology is used in two-thirds of the world's MRI machines. The next step is to integrate radiation therapy to target and treat cancer.
- **GroundProbe:** mine-safety technology that is used by some of the world's largest mining companies.
- **Food security:** UQ works with the Queensland Government to enhance the drought tolerance of sorghum, an important cereal in sub-Saharan Africa.
- **Nanopatch:** a revolutionary needle-free method of delivering vaccines being developed in the UQ spin-out company, Vaxxas.
- **Latch-On:** gives the gift of literacy to people with intellectual disability in Australia and across the globe.
- **Water use:** our technology has changed practices in global water and sewerage utilities, saving hundreds of millions of dollars.

Pioneering your future

We bring the latest ideas and research into the classroom to place you at the frontier of knowledge. You will learn from world-renowned researchers. Our international reputation means we attract some of the best minds in the world to the University – including presidents, prime ministers, international authors and ground-breaking researchers – who will inspire you to break through barriers.

World-class facilities

We have eight internationally recognised research institutes on campus. These institutes are home to more than 1500 specialists working on ideas for the future with the latest in tools, technology and support. Off campus, we have over 100 research centres located throughout Queensland.

3MT® (Three Minute Thesis)

Founded by UQ, 3MT has been adopted by more than 600 universities in 62 countries around the world. The 3MT competition sees our research students pitching their exciting ideas to industry leaders, alumni and global leaders in three-minute presentations. Each year, winners are awarded a range of prizes including research travel grants.

TRANSFORMING YOUR LEARNING

Our teachers are the most highly awarded in the country.

They will share the latest knowledge and ideas to inspire and guide you. You will put theory into practice in workplace settings, expanding your understanding and exciting your mind.

Best place to learn in Australia

We believe your development is the most important outcome of your degree. This approach has seen our teachers win the most awards for student learning in the country. In a 2016 Australia-wide survey designed to assess how satisfied international students were with their university, we received above 90 per cent satisfaction in the following areas:

- Overall student satisfaction
- Good teachers
- Quality lectures
- Performance feedback
- Managing research
- Topic selection
- Careers advice
- Work experience
- Virtual learning
- Laboratories
- Learning spaces.

Source: International Student Barometer, 2016

Transforming your knowledge

Our teachers write the books that are used for teaching. They produce research papers every year, they contribute to international conversations in their fields and their work appears in the media and influences government policy. This knowledge is brought into the classroom so you can address the latest issues, ideas and challenges with their support.

Teaching for the future

Our courses are designed in consultation with learning design teams to maximise your employability when you graduate. Our teachers also consult students in their decision-making and planning processes to ensure course material is exciting, fresh and transformative. We offer free courses online on edX, one of the most prestigious online course platforms in the world, so you can expand your horizon, gain new skills and follow your curiosity.

edx.org/school/uqx

Practical learning

You will apply knowledge in practical settings. From our marine research station at Heron Island and our veterinary science centre at Gatton to the UQ Business School in Brisbane's CBD and our medical centres located in hospitals throughout Queensland, we immerse you in worlds where learning and making a difference meet.

Students from the first Data Science cohort examine some of the features in UQ's Big Data Lab.

More **national teaching awards** than any other Australian university

Dr Allison Mandrusiak, from the School of Health and Rehabilitation Sciences, was one of only two global recipients of a Universitas 21 Teaching Excellence Award in 2015

Professor Sritawat Kitipornchai, from the School of Civil Engineering, was the fifth Australian to be elected to the elite European Academy of Sciences and Arts (EASA)

LINKS TO INDUSTRY

Work experience is critical to building a successful career.

Our partnerships with industry-leading Australian and international organisations ensure you have access to work-integrated learning opportunities, internships and volunteer positions to boost your confidence and your résumé.

Partner to companies

We build partnerships with international companies at the top. Our teachers work on commercial challenges and bring their experiences into the classroom. As UQ's partnerships with companies develop, so do internship and research opportunities for students and researchers.

Taylah Hasaballah (pictured), a UQ Bachelor of Computer Science graduate, secured an internship at Google in her third year of study. The internship led to a job, and she now helps develop products that impact billions of people worldwide.

UQ recently became a member of the **University-Industry Demonstration Partnership (UIDP)**, home to more than 130 companies and universities

UniQuest, UQ's commercialisation company, has helped start up more than 80 companies and raise A\$1.5 billion in funding

- **Neusoft:** UQ recently signed an agreement with the largest IT solutions and services provider in China to promote research collaboration and provide internships for students.
- **Port of Brisbane:** as part of a A\$2 million, three-year research program, UQ Engineering students can intern at Brisbane's world-class port facility.
- **Leo Pharma Denmark:** UQ has an ongoing scientific collaboration with the pharma company to better understand and treat skin cancer.
- **Australian Government:** UQ helped the government to create a national compliance framework for export controls.
- **Johnson & Johnson (J&J):** UQ researchers are collaborating with J&J immunology scientists to discover and develop a new treatment for rheumatoid arthritis.
- **Fangyuan Company (China) and CODELCO (Chile):** the two huge copper producers are funding a five-year research professorship at UQ around copper smelting.

Workplace learning

Each UQ faculty offers work-integrated learning opportunities. Internships, placements and networking will be part of your study experience, so you can grow your employment network before you graduate.

- **Business, Economics and Law:** our staff have worked with international organisations such as the Asian Development Bank, BHP Billiton, Procter and Gamble, CSIRO, Coca-Cola, Thiess, HSBC, the World Bank, the United Nations and the International Monetary Fund.
- **Engineering, Architecture and IT:** the MEET a Mentor program sees third and fourth year engineering and IT

undergraduates working one-on-one with managers from 80 companies.

- **Health and Behavioural Sciences:** eight clinics providing healthcare, rehabilitation and nutrition services to the general public expose our students to the latest in equipment, tools and care.
- **Humanities and Social Sciences:** internships, field trips and placements in Brisbane, interstate and overseas are part of course credit for arts and communication students.
- **Medicine:** students undertake placements in hospitals and clinics around the world where they are trained and mentored by doctors and healthcare specialists.
- **Science:** our staff have worked with industry partners including the peak industry councils for cotton, fisheries, horticulture and forestry, as well as Rio Tinto and BHP Billiton.

UQ Idea Hub

The UQ Idea Hub located at St Lucia campus helps equip students with the skills and knowledge to direct them on their startup journeys. Alumni and industry representatives are on hand to mentor students. Various students have now commenced their own ventures that were kick-started at the UQ Idea Hub.

Since 2003 we have been in partnership with **Boeing**, the world's largest aerospace company. You can learn from their discoveries and setbacks in the classroom or directly from Boeing staff.

- At the start of 2017, Boeing Research & Technology-Australia (BR&T-A) began working at our St Lucia campus. Around 30 BR&T-A staff, headquartered in a new, specially designed facility, will collaborate with UQ researchers and students on the latest ideas in aerospace.
- The Boeing UQ Research Alliance PhD Scholarship Scheme supports students across a number of fields.
- Boeing also offers undergraduate scholarships, aerospace engineering scholarships and student placements to UQ students.

A TRULY GLOBAL NETWORK

As an international student, you know the importance of thinking and acting globally. At UQ, so do we.

Our worldwide partner and alumni networks give you the international opportunities and connections to enhance your learning, life skills and employment prospects from the start of your degree to long after you graduate.

WHILE YOU ARE AT UQ

Our partnerships = your opportunity

As a UQ student, Brisbane or Gatton is just the first stop on your overseas adventure. Grow your global network through UQ's student exchange program by studying up to two semesters of your degree at one of our 200 partner institutions in 41 countries.

You will gain program credit while expanding your world perspective, enhancing your employability, developing your network, and maybe even learning a new language. While on exchange, tuition fees at the host university are waived as you remain enrolled at and pay fees to UQ.

GAME-CHANGING GRADUATES

Dr Hooman Baghaie (*pictured*)

Bachelor of Dental Science (Honours)

A decade after moving from Iran to Australia with his family, Dr Hooman Baghaie is now working as a successful dentist on Queensland's Gold Coast. His life experiences have led him to value the importance of giving back, and through his studies at UQ Dr Baghaie volunteered in East Timor and Cambodia, and in Australia with the Royal Flying Doctor Service. He was the valedictorian of his class and received numerous awards including the Pierre Fauchard Award in recognition of his character and work ethic.

Our research, teaching and connections prepare you to be the architect of an exciting career. Outside of the classroom you can access our career resources and networking events, and participate in our UQ Employability Award to expand your skills. So when you graduate, you will be ready for any challenge.

Dr Vivian Chan

Bachelor of Biotechnology (Honours)

Vivian got a taste for the potential of medical innovation during her undergraduate studies at UQ, before completing her PhD in biochemistry at the University of Cambridge. She is the CEO and co-founder of Sparrho, a discovery engine that combines human and artificial intelligence to help research professionals and non-technical users stay up-to-date with new scientific publications and patents. She has addressed multiple EU ministers, alongside speakers including Bill Gates, about the importance of Open Data for innovation.

Mr Alborz Fallah

Bachelor of Information Technology / Bachelor of Arts

As a UQ student, Bachelor of Information Technology / Bachelor of Arts graduate, Alborz Fallah started the blog, caradvice.com.au for A\$35. Ten years later, he sold it to an Australian national television network for A\$35 million. Fallah credits his success to the technical knowledge he gained at UQ and being brave enough to follow his passions. In 2017, he was named the first Entrepreneur in Residence at UQ's IdeaHub. In this position he draws on invaluable knowledge, gained from founding seventeen startups, to mentor budding UQ entrepreneurs from all disciplines.

BRISBANE

Brisbane, the home of UQ's St Lucia and Herston campuses, is the capital city of Queensland and its economic engine room. Young and progressive, the city is fast becoming a hub in the Asia-Pacific for business, investment, major events and education. It is also home to over 200 nationalities and 220 languages.

Entertainment

Brisbane city has a great live music scene that can be discovered in Fortitude Valley and West End. For comedy, live theatre and dance, head to the Brisbane Powerhouse and the Queensland Performing Arts Centre (QPAC). The Gallery of Modern Art (GOMA) is one of the best modern art galleries in the country, and keep an eye out for the Brisbane Writers Festival and the Brisbane Festival that attract international artists from across the globe.

Sport

Brisbane's amazing weather and sporting facilities make physical activity a must. Kayak along the Brisbane River, rockclimb your way to the top of the Kangaroo Point Cliffs, ride along more than 20 kilometres of riverside cycle paths, join a sporting club, or barrack like a local when you attend a rugby union, rugby league, cricket, 'Aussie Rules' or football match at one of our famous stadiums.

Food

With just under a third of Brisbane's population born overseas, you can find cuisine from almost every culture. From affordable lunchtime and 'Cheap Tuesday' offers, to

reasonably priced cafes, pubs, restaurants and farmers' markets, there is plenty to choose from and plenty of new culinary experiences to be had. And you can always picnic or barbecue in one of our lovely parks by the river.

Getting around

One of the best views of Brisbane is from a CityCat – a ferry service that runs along the river from UQ's St Lucia campus to the city and the riverside suburb of Hamilton. Brisbane also has an extensive bus and train network that makes it easy to get around. A 'go card' will allow you to travel on all Brisbane public transport at discounted student prices.

Around Brisbane

When you want to head out of the city, there is plenty to discover. Head south for the famous golden sands of the Gold Coast and Byron Bay, north for the quiet beaches of the Sunshine Coast or the majestic Great Barrier Reef, west for ancient rainforests and charming outback towns or east for the spectacular Moreton Island, Stradbroke Island and Fraser Island. Sydney, Cairns and Melbourne are all short flights away. You will wish you had more holidays.

GATTON

Gatton, the largest town in South-East Queensland's Lockyer Valley, is the home of the UQ Gatton campus. Bordered by unspoilt mountain ranges and located only 87 kilometres from Brisbane, Gatton has a culturally diverse population of approximately 7000 people. UQ Gatton students enjoy a laidback, country lifestyle in a close-knit community.

UQ ST LUCIA

Considered one of the most beautiful campuses in the world, our main campus is a vibrant mix of old sandstone buildings, modern architecture, parklands and lakes. It is a city within a city with everything you need to study, live and relax.

Food

UQ St Lucia is full of cafe and food options. From great coffee and bakery food, to make-your-own sandwich stations, pizza, vegetarian food, noodles, bubble tea and juice bars, you won't go hungry or thirsty. Options include organic and halal food.

uqu.com.au/food-retail
instagram.com/uqfood

Retail

You don't need to leave the campus for your shopping. There is a Co-op bookshop, a shop where you can sell your secondhand books, banks, a hairdresser, a travel agent, a post office, newsagencies and a Wednesday market offering handicrafts, gifts and fashion. Grocery stores are only a short walk away.

uqu.com.au/food-retail

Entertainment

Check out live music on campus at The Red Room. Grab a bite to eat close by at the Pizza Caffe before catching a theatre production at our Schonell Theatre. For some inspiration, head to our art, anthropology or antiquities museums.

Fitness

You can access UQ Sport venues all year around at discounted student prices. There is a cardio and weights gym, 50-metre and 25-metre pools, an Olympic-standard athletics track, 21 floodlit tennis courts, netball courts, hockey fields, cricket nets, several ovals where you can stretch your legs and much more.

uqsport.com.au

Library

We have seven libraries on campus. They feature computers for students, group study and meeting rooms, postgraduate study areas, height-adjustable desks, 24-hour study spaces, quiet areas, and friendly staff ready to help you with finding information, accessing resources, research support, student IT and training, and details about the latest author talk, lecture or panel discussion in the library.

UQ GATTON

Our rural campus is located near the town of Gatton, 87 kilometres west of the Brisbane CBD. It offers a laid-back and friendly lifestyle, world-class teaching and research facilities, farms, a community garden and sports facilities.

Food and retail

You can buy food and drinks from the Coffee Pod, Dining Hall and Walkway Cafe, and you can purchase and sell books at our retail bookshop. There is an on-campus ATM and a post office, and keep an eye out for the regular Walkway Markets attended by local growers and suppliers.

Green thumbs

The campus farms house animals, horticultural fields, a plant nursery, post-harvest facilities, research laboratories, greenhouses, and plenty of machinery. Grow your own herbs and vegetables in the campus' community garden.

Fitness

UQ Gatton's gym has a weights room, cardio equipment and offers fitness classes every week. You can also swim in the 25-metre pool or grab a friend and head to the squash courts, tennis courts, basketball court, cricket nets, indoor sports hall or one of three ovals.

Library

UQ Gatton's recently refurbished library provides computers, comfortable furniture and break-out spaces, individual study carrels with acoustic lining, power and USB connectors, height-adjustable desks, meeting rooms, a postgraduate study area, and a 24-hour study space.

Free inter-campus bus service

UQ provides a free inter-campus bus service between UQ St Lucia and UQ Gatton for students and staff.

future-students.uq.edu.au/campuses

UQ HERSTON

This campus is located in the heart of Brisbane's health district.

It is home to our Medicine (1) and Public Health (2) schools, UQ's Centre for Clinical Research (3) and the Oral Health Centre (4).

Next door is the Royal Brisbane and Women's Hospital (5) and the Queensland Institute of Medical Research Berghofer Medical Research Institute (6).

Food and retail

You can grab a bite to eat or drink from Cafe Dose, the hospital cafes or Subway. There is a bank and ATMs on campus, as well as a gift shop, a pharmacy, a post office and newsagency, and a bookshop.

Library

UQ Herston's Health Sciences library provides computers, study rooms and meeting rooms, a 24-hour study space, height-adjustable desks, and access to the Queensland Health network.

program's admission
requirements**

To gain entry into a UQ program you must have: 'Standard' or 'Non-standard' English language skills, studied particular subjects, and an overall minimum entry score in schooling equivalent to Queensland Year 12.

Some programs have additional entry requirements. You can find each program's entry requirements on pages 32–67.

3

**Check you
qualify for entry
to UQ**

Use the admissions section (pages 68–69) to view: definitions of 'Standard' and 'Non-standard' English language requirements and how to meet them, subject prerequisite equivalents, and each program's minimum entry score.

If you do not qualify for entry to UQ you may be able to upgrade through an academic or English language pathway (see pages 26–31).

**Find out how to
apply for your
UQ program**

Use the step-by-step application process as a guide for how to apply to UQ (see pages 70–71).

Add another dimension to your degree

Concurrent diplomas give you a unique opportunity to add another dimension to your UQ bachelor's degree. You can study a concurrent diploma along with your main degree and learn or progress a second language with a Diploma in Languages (nine languages available), or participate in musical ensembles with a Diploma in Music Performance. All diplomas are made up of 16 units.

Enhance your career

A UQ bachelor degree is the solid foundation for a successful career, but to truly enhance your career prospects, consider continuing to postgraduate study after you graduate.

UQ offers postgraduate coursework programs (graduate certificates, graduate diplomas, coursework masters, coursework masters [Advanced] and professional doctorates) and higher degrees by research (Master of Philosophy

[MPhil] and Doctor of Philosophy [PhD]) to equip you with specialist knowledge, enhance your employability, upgrade your qualifications, help you get promoted, or pave the way for your career in academia.

DUAL PROGRAMS QUICK REFERENCE

A **dual program** is a combination of two UQ programs undertaken at the same time and completed in a shorter time period than studying two programs in succession.

You must satisfy prerequisites and entry requirements for both programs, and apply via the normal application procedure (see page 70–71).

PATHWAYS TO UQ

If you don't have the required results, subject requirements, or skills for your preferred UQ program, there are other ways you can join us.

You can improve your English language skills at our on-campus language institute, do a Foundation Year pathway program, or study at UQ College.

THE UQ PATHWAY ADVANTAGE

Institute of Continuing and TESOL Education (ICTE-UQ)

Each year over 2500 students from 50 countries come to Brisbane to learn or improve their English at ICTE-UQ on UQ's St Lucia campus. You will be taught by highly-qualified teachers, and ICTE-UQ will help you find homestay accommodation.

ENGLISH LANGUAGE PATHWAYS

Improve your English language proficiency at UQ's award-winning English language institute, the Institute for Continuing and TESOL Education (ICTE-UQ)

If you meet the academic requirements for entry to a UQ program but need to meet the English language entry requirements for that program, you can apply for a package offer that includes:

- an English course – English language classes to get you to the level you need for entry to your UQ program, and
- a conditional place in your preferred UQ program.

To receive a UQ package offer, you must provide evidence of your current English language ability (IELTS or other recognised test – see the fold-out in this guide for other recognised tests) with your UQ program application.

If you don't have an IELTS score or equivalent for your UQ program, or your overall IELTS score is below 5.0, join our General English classes. When you reach General English level 5, you can transfer to English for Academic Purposes.

Learning English for work, travel or other reasons

ICTE-UQ offers English language courses from elementary to advanced levels. If you simply want to improve your English for work, travel or other personal reasons rather than continuing on to study at UQ, take a look at our General English (GE) or English for International Business Communication (EIBC) programs.

ict.e.uq.edu.au/english-courses

Prepare for your IELTS test

The free IELTSx MOOC, designed and delivered by ICTE-UQ, will prepare you to take the IELTS Academic test with confidence. You will have immediate access to over 80 hours of interactive practice materials covering each of the four skills: listening, speaking, reading and writing.

ict.e.uq.edu.au/ielts/ieltsx-academic-test-preparation-online-course

There are two English language pathways to UQ programs:

Bridging English Program (BEP)

Duration 10 to 30 weeks, depending on your English level and UQ program entry requirements (see table opposite)

Weekly tuition fee \$455 (2018)

Campus UQ St Lucia

Minimum admission requirements

IELTS 5.0 overall and 5 in each sub-band (or equivalent). Higher-level programs require higher IELTS or equivalent test score for entry. See table opposite for details.

BEP is ICTE-UQ's most popular and flexible English language pathway with multiple entry points for admission into undergraduate and postgraduate programs at UQ including Study Abroad. The program will develop your proficiency in all four skills (reading, writing, listening and speaking), as well as systematically building your range of vocabulary and control of grammar.

Within the BEP there are two options:

• BEP Advantage

The BEP Advantage finishes five to six weeks before semester commences. This means that if you do not pass the BEP assessment the first time, you are able to complete the four-week BEP Extension and re-sit the BEP assessment before the UQ semester commences. If you do pass the BEP assessment the first time, you

have the option to enhance on your academic English by completing the optional Academic Communication Skills (ACS) course.

• BEP Standard

The BEP Standard finishes immediately before the start of the UQ semester. Due to time constraints, ACS and BEP Extension are not available with this option. If you do not achieve your required English language level to enter your UQ program, you will need to start at a later date.

Choose BEP if:

- you want multiple entrance points depending on your English proficiency level
- you would like the opportunity for one-on-one consultation sessions to discuss your progress every five weeks and weekly progress reviews to ensure you are on track with your English language progress to reach your academic goals
- you wish to re-sit the BEP assessment if you do not pass the first time (only available with BEP Advantage).

For further information on this program, visit ict.e.uq.edu.au/bridging-english or scan the QR code at right.

English for Academic Purposes (EAP)

Duration 5 to 30 weeks depending on your English level and UQ program entry requirements (see table opposite)

Weekly tuition fee \$420 (2018)

Campus UQ St Lucia

Minimum admission requirements Successful completion of ICTE-UQ General English level 5; IELTS 5.0 overall and 5 in each sub-band (or equivalent). Higher level programs require higher IELTS or equivalent test score for entry. See table opposite for details.

EAP prepares you for success in academic study and the IELTS test. Program materials and assessment reflect the type of activities and learning environment students experience in university or academic studies.

Choose EAP if:

- you need an official IELTS test result for work or other purposes
- you have studied General English at ICTE-UQ and wish to improve your English proficiency for entry into a UQ program
- you want to become more familiar with and prepare for the IELTS test with three days per week of dedicated IELTS preparation.

FOUNDATION YEAR PATHWAYS

Improve your English language proficiency and academic qualifications at IES College

STANDARD

CRICOS CODE	DURATION	START	INDICATIVE FEE**	PROGRAM LOCATION	ENGLISH
088290B	2 semesters	August 2018, February 2019	\$26,800	IES College Campuses, Spring Hill	IELTS 5.5 overall and 5 in each band (or equivalent)* *Students wanting to proceed to a UQ undergraduate quota program may need to meet higher IELTS requirements for entry to IES Foundation Year.

PROGRAM OVERVIEW

The Standard program is recommended for students with good academic results and English language proficiency. It is the most popular of the three programs. Students complete their studies in small class sizes and have full access to student support services throughout the duration of their studies.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

COMPULSORY SUBJECTS

Academic English For University Studies (AE); Mathematics

ELECTIVES (CHOOSE 3)

Biology, Chemistry, Physics, Accounting, Business Management, Economics, Behavioural Science, Information Technology, Research, Architecture

ADMISSION REQUIREMENTS

Eleven full years of schooling (entry from Year 11 or equivalent requires superior grades). Depending on

your preferred undergraduate program, a minimum grade in Mathematics may also apply. Forecast results are accepted where appropriate and consideration is given to the actual subjects studied. We will only accept an application if the results indicate the student will have a good chance of passing the program.

PROGRAM OVERVIEW

The Extended program offers additional support and services to help students maximise their success at foundation and university studies.

- Extended students have regular meetings with the program coordinator to ensure they are meeting the challenges of their studies.
- The program is especially beneficial for younger students, students with high academic aspirations such as Pharmacy or Veterinary Science, and students who need to increase their English language competency.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

PROGRAM OVERVIEW

The Express program is designed for students who have stronger English language proficiency (IELTS 6.0 or above) and are capable of handling a faster pace of tuition. It is also suitable for students who have completed a matriculation program in their own country but have not quite met the entry levels for undergraduate study or who need to gain assumed knowledge in certain subjects.

- Unlike the Standard and Extended programs, the Express program is held over three trimesters rather than two semesters.
- Students study both Academic English and Mathematics throughout the duration of their program and study one elective per trimester.

PATHWAY TO

Guaranteed entry into most UQ undergraduate programs provided assessment standards are met. (Guaranteed entry does not apply to quota programs.)

PROGRAM OVERVIEW

If you would like to study Business at UQ but are not eligible to move straight into a bachelor program, then this 16-month program may be the best option for you. At UQ College you will be supported to achieve your potential through a student-centred learning approach, small classes, specialist teachers and excellent facilities. You will build your mathematics and writing skills, as well as the necessary knowledge, skills and self-confidence to assist in effective and successful management within constantly changing business environments. By successfully completing this UQ accredited program you will have a strong standalone qualification and, if you achieve a cumulative grade point average of 4 (out of 7), you can also apply for the Bachelor of Business Management with 24 units of credit (3 semesters).

PATHWAY TO UQ BACHELOR OF BUSINESS MANAGEMENT

Associate Degree in Business (AssocDBus) students may have the option to articulate into the fourth semester of the Bachelor of Business Management (BBusMan) in either February or July intake.

CAREER OPPORTUNITIES

Graduates possess core knowledge and skills that are valued for entry-level roles in business. However, most graduates choose to continue their studies at UQ and enrol in the Bachelor of Business Management, which can lead to career opportunities in public, private, and not-for-profit sectors.

APPLICATION CLOSING DATE

For trimester 1: 15 October 2018
For trimester 3: 1 July 2019

State-of-the-art veterinary and animal science facilities

Agriculture

We offer first-class programs in agriculture, agribusiness, food, plants, soil and animals. We have fantastic facilities for each program area, we emphasise hands-on experience in class, and working in the field is part of the study program, allowing you to gain practical skills.

Environment

We teach you the environmental sciences with an added focus on social and economic disciplines, decision-making, problem-solving and policy analysis. Students enjoy dedicated geography and marine labs, and the latest technologies including a climate station and portable weather stations. Field trips and industry placements enable you to gain experience, test different areas of interest, and prepare for a rewarding career.

PROGRAM OVERVIEW

Open up a career in agriculture – one of the most exciting and fastest-growing industries globally. As an agribusiness professional, you will use technology and contemporary business practices to manage agricultural enterprises. You will be trained to lead organisations that feed and clothe the world, and you will apply the latest concepts in marketing, human resource management, finance and operations to local, national and multinational enterprises. The program has been developed in close and ongoing collaboration with the food and fibre industry, so you will acquire the most relevant and up-to-date knowledge of farming, agricultural sustainability, food security, crop production, livestock and horticulture, and the management of logistics, human resources and

marketing. You will participate in site visits, case studies and research projects, and undertake a major group project with an agribusiness company in your final year.

PROGRAM FEATURES

- ★ UQ's field of agriculture is ranked 25th in the world (2018 QS World University Rankings by Subject).
- ★ Agribusiness courses are delivered by two schools both ranked number one in Australia (2018 QS World University Rankings by Subject).
- ★ You will complete an industry work placement for credit. Past placements have included working on a horse stud, fruit nursery, salad manufacturing plant, and North Queensland cocoa farm.

CAREER OPPORTUNITIES

Graduates typically work in industries such as primary production, research, logistics, life sciences and finance, in roles such as quality assurer/manager, researcher, agricultural consultant/manager, regional and community development manager, commodity trader, salesperson/marketer/manager, supply chain manager, public policy developer and analyst, and export marketer/manager.

2352	4 years	1 (25 Feb 2019) 2 (22 July 2019)	\$41,232	Gatton, St Lucia	Standard, see fold-out

PROGRAM OVERVIEW

If you want to shape the future of food, fibre and farming, consider a career as an agricultural scientist, and tackle issues like climate change, food security, sustainability and agricultural productivity. This program will give you general and specialist knowledge in biochemistry, microbiology, genetics, animal nutrition, land use, economics, the environment, and agricultural development. You will develop a broad understanding of the industry before specialising in either animal or plant science. During your third year, you will participate in a three-week field trip to South-

East Asia to experience tropical agricultural production systems and resources.

MAJORS

Animal Science • Plant Science

PROGRAM FEATURES

- ★ UQ's field of agriculture is ranked 25th in the world (2018 QS World University Rankings by Subject).
- ★ Undertake an independent research project in your final two years, specialising in plant or animal science.

CAREER OPPORTUNITIES

Graduates work as agronomists, horticulturalists, agricultural consultants, agricultural business managers, resource economists, research scientists, inspection officers and government policy advisers.

2388	3 years	1 (25 Feb 2019)	\$41,232	Gatton	Standard, see fold-out	Queensland Year 12 (or equivalent), including Year 12 English and Mathematics A or B	✓ +

PROGRAM OVERVIEW

As a wildlife scientist, you will study native and exotic amphibians, reptiles, birds and mammals in natural environments, wildlife parks and animal facilities, so you can contribute to their conservation and management. This program focuses on animal biology and managing wild animals. Across your degree, you will learn how to implement and evaluate management programs for both captive and freely roaming wildlife, and study wildlife anatomy and physiology, reproductive biology, breeding and genetics, nutrition and health. With a strong practical focus, you will learn skills in wildlife trapping, identification and animal handling, and get hands-on experience during industry placements at locations including zoos, sanctuaries and wildlife parks. Industry

placements give you a chance to establish industry contacts and consolidate your knowledge and skills.

PROGRAM FEATURES

- ★ You will work with UQ Gatton's wildlife scientists, who are involved in the conservation and management of non-captive and captive wildlife, as well as exotic animals in Australia and overseas.
- ★ You will participate in industry placement programs in zoos, sanctuaries, wildlife parks, government agencies, welfare organisations and animal breeding enterprises.

CAREER OPPORTUNITIES

Graduates enjoy employment in research, managerial and

educator roles, working in the agriculture sector (perhaps educating farmers about the best way to keep predators away from livestock), in tourism (managing animal welfare and research programs), or for government departments (researching and managing feral animals). Others work in biology, conservation, land management and ecotourism, environmental consultancies, vertebrate pest and game management, wildlife science, government agencies, and wildlife sanctuaries and zoos.

					ACADEMIC PREREQUISITES
2293	3 years	1 (25 Feb 2019)	\$42,768	St Lucia	Standard, see fold-out Queensland Year 12 (or equivalent), including Year 12 English

PROGRAM OVERVIEW

As an architect, you will imagine and design spaces that are beautiful and functional, inside and out. The Bachelor of Architectural Design – the first step to becoming a professional, registered architect – provides you with the knowledge and technical skills to complement your creativity, preparing you to shape our built environment and design the cities and spaces of tomorrow. From your first year you will learn about the history of buildings and culture, architectural design principles, terminologies and technologies, the relationship between society and built environments, and the evolution of style. You will also learn how to design in response to climate and context, from lecturers who have strong, local industry links and international perspective, and teach in studio-based design courses, which provide you with opportunities to develop special areas of interest.

PROGRAM FEATURES

- ★ UQ's field of architecture is ranked 50th in the world (2018 QS World University Rankings by Subject).
- ★ You will have access to dedicated studio facilities that are available for student-use 24 hours a day, seven days a week, as well as state-of-the-art library, model making, construction and technical laboratory facilities.
- ★ You will learn by making – UQ Architecture emphasises the importance of practical skills so that you can realise your most imaginative ideas through models, sculptures and structures.

CAREER OPPORTUNITIES

Graduates are employed with architects and in allied design professions, government departments, statutory

bodies, local authorities, commercial development companies or research organisations. Overwhelmingly, Bachelor of Architectural Design graduates progress to the Master of Architecture program, which provides the necessary postgraduate skills, experience and qualifications to register as a professional architect.

PROGRAM OVERVIEW

Social science is the scientific study of human relations and society. Key approaches come from sociology, political science, anthropology and economics. It is an area of study tasked with addressing pressing social issues at local, national and international levels. Among these are poverty and inequality, indigenous peoples and injustice, health and illness, and the social impacts of climate change. UQ's Bachelor of Social Science is unique in its approach and delivery. You will develop a strong grounding in social justice, policy research, and links to industry. Our program provides a foundation in the practice-based skills, values and knowledge related to key social problems. Practical workforce

skills include public policy design and evaluation, social impact assessment, public advocacy, social planning and research.

MAJORS

"You need to be passionate about what you teach, because if you don't love what you are doing it is very difficult to inspire others. Every day is different and you are always learning something new."

I thought the program was well-structured as there were many different elective courses to choose from to develop your knowledge and interest in that area.

I particularly enjoyed my final year of study where I completed two practicum blocks at a school in preparation for becoming a teacher. I felt this helped me make the transition from university student to teacher.

UQ offered many opportunities to prepare for life after university. The content of some courses included concepts and practical skills that applied to real life situations."

PROGRAM OVERVIEW

Do you want to shape our digital future? Tailor your studies to suit your career aspirations, and learn how to create systems that automatically transform data into information. Learn the theory behind algorithms and data structures as you gain the knowledge and practical skills to create, develop, implement and evaluate computer hardware and software. Design platforms that support and enhance almost all functions of modern life. With the strong analytical, logical and engineering skills you will gain through this program, you will be able to pursue a career across any sector that uses technology.

PROGRAM OVERVIEW

As a Biomedical Science student, you will understand the breadth and depth of modern biomedical science. Learn from our researchers who are leaders in this area and benefit from their latest knowledge of biomedical science developments. By integrating your study across the various discipline areas in the biomedical sciences, you will graduate with a well-grounded, wide range of knowledge and enter a rewarding career in modern biomedical science. You can also use this program as a pathway to study medicine or allied health programs. Your studies will focus on the human body at the molecular, cellular and whole body levels, and the disciplines of anatomy, biochemistry and cell biology,

physiology, developmental biology, microbiology, pharmacology and neuroscience. You will learn the scientific process through activities ranging from experimental design and hands-on experiments to computer modelling.

PROGRAM FEATURES

- ★ UQ's broad field of life sciences and medicine is ranked 30th in the world (2018 QS World University Rankings by Subject).
- ★ Outstanding students may have the option of completing research at the University of Oxford at Oxford's Department of Pharmacology or the Nuffield Department of Clinical Neurosciences.

CAREER OPPORTUNITIES

This program will help you embark on a biomedical science career, including in hospital and diagnostic clinical laboratories, biotechnology and pharmaceutical companies, laboratory work in molecular and cellular biology, health policy and communication, and secondary schools or other educational institutions (when combined with a teaching qualification).

PROGRAM OVERVIEW

The Bachelor of Dental Science (Honours) educates the next generation of dental professionals in the most advanced oral health facility in Australia. With small cohorts and dedicated, specialist teachers, you will master the science and technical skills required to care for patients, and prevent, diagnose and treat oral diseases and abnormalities. You will be workforce-ready when you graduate, with extensive clinical experience and in-depth knowledge of general practice in dentistry, orthodontics, paediatric dentistry, periodontics, prosthodontics, oral medicine, oral and maxillofacial surgery, and public health.

PROGRAM FEATURES

- ★ You will complete over 1900 hours of practical placements in a variety of clinical settings.
- ★ You will study at the \$138 million Oral Health Centre in Herston, which has more than 150 dental chairs in 11 clinics.

CAREER OPPORTUNITIES

Once registered, you can establish your own private practice, work within an established practice, or join a partnership. Within the public sector, there are opportunities to work within hospitals, community health services, or school-based dental clinics across Australia. Postgraduate study offers opportunities to specialise in a recognised field such as orthodontics, oral

and maxillofacial surgery, prosthodontics, oral medicine, dento-maxillofacial radiology and public health.

PROGRAM OVERVIEW

How is the human body and its health influenced by diet and exercise? What drives people to consume high levels of fats, salts and sugars, and what are the impacts? The Bachelor of Exercise and Nutrition Sciences provides a framework and way of thinking to answer questions like these. You will learn about the science of human movement, nutrition and food, the culture and social role of sport in Australia and overseas, and the psychology of sport and exercise. Whether you're interested in exercise and nutrition, or a broader career in health, this program will help you make a positive change in the wellbeing of others.

PROGRAM FEATURES

- ★ UQ's field of sport is ranked 3rd in the world (2018 QS World University Rankings by Subject).
- ★ This program is a preferred pathway for UQ's Master of Dietetics Studies and is a recommended pathway into UQ's Doctor of Medicine.

CAREER OPPORTUNITIES

Graduates frequently combine a Bachelor of Exercise and Nutrition Sciences with a postgraduate qualification to specialise in non-clinical or clinical careers such as

dietetics, medicine and physiotherapy. Other students use their skills to work in graduate entry roles such as nutrition assistant, fitness or weight loss consultant, or research assistant.

PROGRAM OVERVIEW

Maintaining the safety, health and wellbeing of people while they work is both challenging and rewarding. With this science-focused multidisciplinary program, you can work in almost any industry or company around the world. Combining studies of health, psychology, law, ethics and management with practical skills through placements, worksite visits and industry experience, you will learn scientific approaches to identifying, assessing and controlling chemical, physical and biological hazards. You will also learn about psychosocial health factors, like stress, bullying, harassment and fatigue.

With these key skills, you will be able to monitor and modify work environments, deliver education programs, analyse workplace data, devise, evaluate and implement Occupational Health and Safety (OH&S) management systems, undertake OH&S auditing and inspections, complete accident investigations, and ensure compliance with legislation.

PROGRAM FEATURES

- ★ There is currently a high demand for Occupational Health and Safety graduates in Australia and Asia, and an increasing demand in South America.

CAREER OPPORTUNITIES

Graduates may work in any workplace, including remote, rural or urban regions in Australia or overseas, across all industries (including mining, agricultural, retail, hospitality, construction, transport, manufacturing and healthcare), in government, the private sector or consultancies, and enjoy flexible working conditions.

PROGRAM OVERVIEW

Examine the complexity, intricacy and wonder of the human mind in this program, which is designed for students looking to undertake comprehensive studies in psychology, including the study of developmental, social, cognitive, biological, physiological and abnormal psychology – as well as study in research methods and report writing. Courses examine areas including child development, neuroscience, learning and cognition, social and organisational psychology, psychological assessment, psychological research methods and evaluation of research. With a range of psychology electives to choose from, you will gain a thorough understanding of the fundamentals of psychology while gaining exposure to a variety of specialisations.

Special note: This program meets undergraduate requirements for professional registration when combined with two years' supervised experience as a psychologist.

PROGRAM FEATURES

- ★ **UQ's field of psychology is ranked 27th in the world (2018 QS World University Rankings by Subject).**

CAREER OPPORTUNITIES

When you graduate you meet the academic requirements for registration as a provisional psychologist with the Psychology Board of Australia, as well as an associate membership of the Australian Psychological Society. This means you can train further to become eligible for general registration as a psychologist. With full registration, you can pursue careers in clinical psychology, clinical neuropsychology,

organisational psychology, educational and developmental psychology, sports and exercise psychology, and counselling. Broader career options include human resources, mental health services, youth and child support work, relationship counselling, residential care, family and social services, public and private sector management, marketing, advertising and market research, disability support services, aged care, juvenile justice and corrective services.

PROGRAM OVERVIEW

The Doctor of Medicine (MD) is a postgraduate-entry program that aims to be internationally renowned for our outstanding people, the diversity of our student intake, and the excellence of our education. Graduates will be recognised for their social accountability, critical scientific thinking and drive to be global leaders in healthcare. Years 1 and 2 (Phase 1) of the program combine biomedical sciences, public health, medical ethics and clinical skills training in a case-based learning context and a series of patient-centred cases, each designed to teach different principles of basic and clinical science of health and disease. Early patient contact and training in clinical reasoning and research are embedded to develop advanced critical thinking and clinical reasoning and skills that are required for evidence-based clinical practice. Students will complete a clinical observership placement in Australia or internationally by the end of year 1. Years

3 and 4 (Phase 2) are organised around core medical disciplines and delivered across three clinical schools comprising hospitals, clinics and general practices in Queensland and the United States. Our students may also enhance their learning by conducting research through a higher degree or executive leadership training opportunities.

PROGRAM FEATURES

- ★ UQ's field of medicine is ranked 50th in the world (2018 QS World University Subject Rankings).
- ★ This program is accredited by Medical Board of Australia, all US State Medical Licensing Boards (on completion of USMLE) and Specialist Australasian Colleges (on completion of specialist training).

CAREER OPPORTUNITIES

Graduates are ready to embark on a host of different and complementary career pathways. They may

become experts in patient care, public health, clinical academia and teaching, research or work for aid organisations, the defence forces or set up their own private practice.

PROGRAM OVERVIEW

UQ's Bachelor of Veterinary Science (Honours) is a registerable degree program that allows you to practise as a veterinarian. Attracting some of the highest-achieving students from Australia and internationally, this program produces veterinarians who are in high demand around the world. As a UQ vet student, you will learn how to diagnose, treat and prevent diseases and injuries in companion, domestic, exotic, wildlife and production animals. You will develop skills and knowledge in veterinary medicine, surgery, anaesthesia

and radiology in commonly treated animal species as well as wildlife, avian and exotic pets. You will graduate with expert animal handling and clinical skills, with a final year spent entirely in hospitals and clinics. You will also receive comprehensive biomedical training that can lead to careers in research, industry and government.

PROGRAM FEATURES

★ **UQ's field of veterinary science is ranked 38th in the world (2018 QS World University Rankings by Subject).**

★ **Our Bachelor of Veterinary Science (Honours) is the only undergraduate veterinary degree in Australia that is internationally accredited in the USA, Canada, the UK, South Africa, New Zealand, Singapore, Hong Kong and Malaysia.**

★ **During your degree you will gain work experience everywhere from UQ hospitals to farms, veterinary clinics and other animal health enterprises in Australia or internationally.**

CAREER OPPORTUNITIES

Graduates are qualified to work as a general veterinary practitioner for large or small animals in Australia and overseas. You can also consult for animal disease control, pharmaceutical or biotechnology companies, work as an educator or researcher in universities or government departments, or work in efficient animal production.

To be admitted into most UQ undergraduate programs, you must have passed specific subjects. These are stated within each program entry under 'academic prerequisites' on pages 32–67. Some international secondary

school subjects equivalent to those studied in Queensland Year 12 are shown below. If your school's subject equivalents are not listed, please contact UQ International Admissions (email applicationstatus@uq.edu.au).

3 attain the required level of ENGLISH

UQ programs have either 'Standard' or 'Non-standard' English language proficiency requirements. These are stated within each program entry under 'English' on pages 32–67.

See how to demonstrate you meet 'Standard' English language proficiency requirements below. View 'Non-Standard' English language proficiency requirements on page 69.

4 attain the minimum ENTRY SCORE

To be admitted into any UQ undergraduate program you need a score comparable to the Queensland Rank specified for your program on the table below. Attaining the

minimum entry score for your program guarantees your entry to UQ, unless your program has a single asterisk next to its name. If so, it is a quota program, and entry

restrictions may apply. If you cannot find a relevant minimum entry score, please contact UQ International Admissions (email applicationstatus@uq.edu.au).

**For an equivalent test score, see: future-students.uq.edu.au/applying/english-language-proficiency-requirements.

***At the time of publication, equivalent tests are not accepted for the B Education (Primary), B Education (Secondary) and are restricted for the B Veterinary Science (Hons).

Other tests, qualifications and experience may also be considered to prove you meet 'Standard' or 'Non-standard' English language requirements. For details, go to: future-students.uq.edu.au/applying/english-language-proficiency-requirements.

Note: Scores are subject to change; check individual program entries on the website for the most up-to-date details.

Notes to 2019 minimum entry scores table (fold-out)

1 UK GCE 'A' Levels for countries including: Bahamas, Bangladesh, Brunei, Cameroon, Falkland Islands, Gambia, Ghana, Gibraltar, Hong Kong, Ireland, Kenya, Liberia, Macau, Malawi, Malta, Mauritius, Namibia, Nigeria, Seychelles, Sierra Leone, Tanzania, Uganda, United Kingdom, Zambia and Zimbabwe. Aggregate of best 3 (or 2) A Level subjects or a combination of A and AS Level subjects equivalent to 3 (or 2) A Level subjects. A*=5, A=5, B=4, C=3, D=2, E=1 and AS Levels count for half of these scores.

2 International Baccalaureate Diploma.

3 Denmark Studenterksamen: grade average of final year results, converted to a 13 pt scale if otherwise reported. From 2007 a new grading system ranging from 00 (lowest) to 12 (highest) with a pass at 2 has been introduced.

4 French Baccalauréat: average, with 10 as the pass mark.

5 German Abitur: in the reformed upper secondary level (Oberstufe), the Durchschnittsnote = 5 2/3 - P/180 where P = Punktzahl der Gesamtklifikation. If P is greater than 840, Durchschnittsnote = 1.1 (sehr gut), 2 (gut), 3 (befriedigend), 4 (ausreichend).

6 Gaokao: 2018 Tier 1 University Cut-Off Scores: The following scores will be accepted for commencement in 2019 to certain UQ programs. Note this information is subject to change mid-2018. Anhui 515, Beijing 555, Chongqing 525, Fujian 489, Gansu 505, Guangdong 520, Guangxi 535, Guizhou 545, Hainan 649, Hebei 517, Heilongjiang 481, Henan 516, Hubei 528, Hunan 548, Jiangsu 533, Jiangxi 533, Jilin 528, Liaoning 532, Neimenggu (Inner Mongolia) 472, Ningxia 519, Qinghai 463, Shaanxi 509, Shandong 518, Shanghai 456, Shanxi 518, Sichuan 537, Tianjin 531, Xinjiang 486, Xizang (Tibet) 441, Yunnan 555, Zhejiang 577.

7 HKDSE – combined total of the best five subjects (Category A, B or C), where 5** = 6, 5=5, 4=4, 3=3, 2=2, 1=1; A*=6, A=5, B=4, C=3, D=2, E=1, Attained with Distinction = 3, Attained = 1. For all subjects with the exception of Mathematics, the Subject Result must be

used. For Mathematics, if two modules are undertaken calculate the average of the two reported Subject Results. The compulsory module, taken on its own, will count as a full subject.

8 All India Sc (35% pass) – grade average in best four subjects, converted to a percentage where 35% equals a pass.

9 Malaysian STPM – aggregate of best three subjects, where A=4.00, A-=3.67, B+=3.33, B=3.00, B-=2.67, C+=2.33, C=2.00.

10 Norway Upper Secondary School Exams: grade average of final year results. Norwegian Certificate of Completion of Upper Secondary School Examinations or Comparable Qualification.

11 Pakistan Inter/Higher School Certificate (pre-Eng and pre-Med streams): grade average of final year results. Pass = 33% (E), Satisfactory = 40% (D), Good = 50% (C), Very Good = 60% (B), Excellent = 70% (A), Outstanding = 80% (A-1).

12 Singapore A Levels: aggregate of best 3 H2 subjects and the best H1 subject. For H2 subjects, A=5, B=4, C=3, D=2, E=1. For H1 subjects, the notional value is half of that assigned to H2 subjects.

13 South Africa (after 2008) Grade average of best 5 subjects in the final year (excluding the subject Life Orientation and Mathematics (Third Paper)), where 7=80-100%, 6=70-79%, 5=60-69%, 4=50-59%, 3=40-49%, 2=30-39%, 1=0-29%.

14 Sri Lankan A Levels: grade average of best 3 A Level subjects where A=4, B=3, C=2, S=1. Results in the Common General Test, General English Paper, Group Project or Individual Project are not used in the calculation of the grade average.

15 Swedish Secondary School Leaving Certificate: grade average of final year results, where MVG = 4, VG = 3, G = 2, IG = 1.

16 Total of SAT-I: Critical Reading, SAT-I: Mathematics and SAT-I: Writing. Students must also provide evidence

of completion of the USA High School Diploma.

17 Total of SAT-I: Evidence-Based Reading and Writing and SAT-I: Mathematics. Students must also provide evidence of completion of the USA High School Diploma.

18 Students must also provide evidence of completion of the USA High School Diploma.

19 AP must be issued by The College Board Advancement Placement Program. AP grades reported as part of the high school academic record are insufficient. A minimum of two and a maximum of four APs may be used. Aggregate to be determined where: A=5, B=4, C=3 (Pass), D=2, E=1. Where more than four AP exams, the best four are used. Students must also provide evidence of completion of the USA High School Diploma.

20 Canada – OSSD: grade average of best 6 University (U, 4U) and/or University/College (U/C, 4M) courses.

21 Canada – Alberta High School Diploma: Grade average of best 5 Level 30 Provincial Diploma Exams.

22 Canada – BC: grade average of the required Language Arts 12 provincially examined subject is required (e.g. English 12, English 12 First Peoples, Communication 12, English Literature 12), plus four Grade 12 4 credit subjects.

*These programs have quota restrictions and entry is very competitive: the figures quoted are a guide only and applications will be assessed on a case-by-case basis.

**Medicine – Students must have taken either the Undergraduate Medicine and Health Sciences Admissions Test (UMAT) or the International Student Admissions Test (ISAT) in the year of application, achieving a minimum score of 50 in each section of the UMAT or a minimum score of 60 in each section of the ISAT.

***Music (Honours) – entry on the basis of specified requirements, an audition, interview and musicianship test.

HOW TO APPLY

STEP 1

Choose your program

- Find the program you wish to study in the Programs section on pages 32–67.
- Check you meet all admission requirements on pages 68–69.
- Check the application deadline has not passed.

STEP 2

Create an account

- Go to UQ's online application portal and create an account: apply.uq.edu.au.

STEP 3

Complete your application

- Complete all details requested in the online application, attaching all required documentation as per the program entry requirements and any additional information requests.

TIP: You can save an incomplete form and return later.

- You must provide complete academic transcripts (detailing all courses you have

taken and qualifications you have been awarded from institutions other than UQ and/or testamurs of any previous tertiary studies.

- If you want to apply for an English language pathway package, you can indicate this during the application process.

STEP 4

Submit your application

- Online: a non-refundable A\$100 application fee will be charged when submitting your application online. After submission, you can check the status of your application through your account.
- If you are unable to access the online application portal, please email applicationstatus@uq.edu.au to request a hard-copy form. A non-refundable A\$150 application fee is payable for submission of a hard-copy application.

If you are unable to email your application, you can submit it in person or by mail to: UQ International, Level 2, JD Story Building, St Lucia, The University of Queensland Brisbane, Queensland 4072 Australia. A non-refundable A\$150 application fee is payable.

- Your application will be assessed by UQ International Admissions. They will inform you of the outcome.

International student definition

You are an international student if you are:

- not a citizen of Australia or New Zealand, or
- not an Australian Permanent Resident, or
- a Temporary Resident (visa status) of Australia.

You are not an international student if you are:

- an Australian citizen (living in Australia or as a resident overseas)
- an Australian Permanent Resident (visa status), or
- a New Zealand citizen.

Permanent residency

If you have been offered an undergraduate place as an international student and become a permanent resident before starting your first semester of study, you will not be able to retain that place. Instead, you must apply for a Commonwealth Supported Place (CSP) through the Queensland Tertiary Admissions Centre (QTAC).

Credit and exemption for previous studies

Credit for previous studies

If you have completed study elsewhere at a similar level and standard to your UQ program, you may be eligible for credit. UQ recognises formal studies and recognised informal learning. You can see if your prior studies qualify through our database:

creditprecedents.app.uq.edu.au

Exemption for previous studies

If you have undertaken some prior formal or informal learning you may not have to complete some courses in your program. You will still have to complete a total number of units to graduate.

future-students.uq.edu.au/apply/credit-and-exemptions

IB students

If you achieve specified grades in your IB, you may be offered up to 8 units of specified or unspecified credit for selected bachelor level

courses. Exemptions are also available for some IB subjects. You can apply for credit and/or exemption only once you have accepted an offer and enrolled at UQ. For information on the minimum grades needed to obtain credit, and to download an application form.

Visas

All international students applying to study in Australia must have a student visa unless they have an alternative visa that enables them to study full-time. If you are granted a student visa, you must comply with all student visa conditions. For all visa enquiries and applications, please contact your local Australian Embassy, High Commission or Diplomatic Mission.

Applications

Closing dates

It is recommended that you submit your application no later than the dates below to ensure you have enough time to apply for a student visa. Please note that some UQ programs have earlier deadline dates. See future-students.uq.edu.au for details.

Semester 1 30 November of previous year

Semester 2 31 May of same year

Assessment

Applicants are assessed on a case-by-case basis. Depending on the program, meeting minimum entry requirements does not guarantee acceptance. Applicants who do not meet academic entry requirements may wish to consider taking the Foundation Year program offered by International Education Services (IES) (see page 30).

Your application status

You can view the status of your application on your online application portal.

Documentation required

Academic

When you apply to UQ, please ensure that you submit copies of up-to-date transcripts and award certificates with your application. Grading scales will also be needed for any tertiary studies you have undertaken. Certified official translations are required for all documents in languages other than English.

English

To demonstrate your English language proficiency, you must attach copies of all relevant academic transcripts and award certificates to your application. Specific

arrangements apply to IELTS, TOEFL and Pearson Test of English (PTE) Academic.
future-students.uq.edu.au/applying/english-language-proficiency-requirements

Waiting on documents?

If you are waiting for transcripts or current results, you may still submit an application and, where possible, we will consider making a conditional offer to you. Submit the evidence of English Language Proficiency (unless you intend to sit a test), and any post-secondary results you have so far with the application form. If you are in high school, submit the subjects studied in your final year. Please upload any outstanding documents to your online application portal as soon as you receive them.

Deferrals, suspensions and cancellations

If you wish to defer (i.e. delay commencing to a future semester), please contact the International Admissions office as soon as possible. If you have received your UQ Confirmation of Enrolment (CoE), a deferral will only be permitted if there are 'compassionate or compelling grounds'. If a deferral is not approved, you may still delay commencing, but your CoE will be cancelled. This may impact your student visa or student visa application. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour, poor academic standing and unsatisfactory academic progress. Please note that any deferrals, suspensions or cancellations may affect a student visa or visa application.

Students under 18 years of age

UQ offers a Supervision Program that approves the accommodation, support and general welfare of international students under 18 years of age. This program is compulsory for international students who:

- are at least 17 years of age when they enter Australia and commence their program at UQ
- are not living with a parent, legal custodian or suitable relative approved by the Department of Home Affairs (previously the Department of Immigration and Border Protection) the while under 18 in Australia
- need their accommodation and welfare arrangements approved to meet the Department of Home Affairs' student visa requirements.

LIFE AT UQ

UQ will be your home away from home. We offer sporting, cultural and recreational activities, we help you find accommodation, and we anticipate your unique needs from arrival to departure. Whether you require help with learning, someone to talk to, or a lift from the airport the first time you touch down in Australia, we have you covered.

ACCOMMODATION

We have accommodation options to suit your lifestyle and make you feel at home. Live in a college on one of the best campuses in the world, head inner city for off-campus student accommodation, or find your own home in the private housing market.

On-campus colleges

Do you want a traditional, immersive university experience? If you are studying at one of UQ's Brisbane campuses you can live in one of our ten colleges at UQ St Lucia, or if you are studying at UQ Gatton, live at the Gatton Halls of Residence. You can walk to class, enjoy services like academic support and social and sporting activities, and your meals are provided. Plus, you will make friendships for a lifetime. Apply before you arrive to secure a room.

recommended student accommodation providers. A variety of studio and single bedroom apartments are available as well as rooms in two to six bedroom units. You can pre-book a room before you arrive. my.uq.edu.au/accommodation/approved-providers

Private housing

Are you the more independent type? You might like to share a house or apartment with other people. Brisbane's rental market features everything from low-cost share houses to high-rise apartments, while Gatton's rental market features a range of affordable share houses. To find a room, apartment or house, first check our database, UQ Rentals. There are also private rental accommodation websites and you

can rent directly from real estate agents. At the start of a lease you typically pay two weeks rent in advance and a bond (which is four weeks rent). You should get the bond back at the end of your lease if you maintain the property well. Make sure you inspect a property in person before paying money or signing anything.

INTERNATIONAL STUDENT SUPPORT

UQ has services and activities to help you settle in, make new friends, expand your skills and network, and enjoy student life right up until graduation.

SETTLING IN

Getting started

Make your transition to UQ a smooth one by attending one of our Getting Started sessions either when you arrive or during O-Week. Attendance is compulsory for all international students. In the session, you find out: how to enrol, register for classes, get your student ID card and key UQ dates and terminology. We also tell you about what services and facilities are on campus, how to register for public transport student discounts, and what your best options are for getting to and from UQ.

O-Week and your first weeks

Make sure you are here for O-Week, which is held one week before semester starts. It is a great introduction to life at UQ. You can browse clubs and societies, listen to live music, meet new and interesting people at events, pick up free stuff, and most importantly, attend your program's welcome session.

Safety on campus

Our campuses are safe places for students and staff. St Lucia and Gatton campuses have 24-hour security teams. St Lucia also offers a UniSafe escort service if you would like someone to accompany you to public transport or your car, and a Safety Bus that runs from 6pm onwards around the campus. Plus, students can download the free UQ SafeZone app, which connects students directly with security officers or emergency services.

International student advisers

At Student Services we have advisers specifically for international students to help you overcome some of the challenges of studying in a foreign country. UQ Union's Student Help On Campus team can help you with everything from finding part-time work and advice on extending your visa, to legal advice, dealing with financial pressures, and support and information around gender and sexuality. If you need to speak to someone in private, visit a UQ counsellor or discrimination officer for free.

Peer Assisted Study Sessions (PASS)

Learn more about studying at UQ from second and third year students who have achieved top grades in your course. They can provide advice on coursework and content, and suggest effective study habits that will help you make the most of your time. Ask your faculty for more information.

English language support during your study

Develop and refine the academic English language skills needed for Australian university study. Free English for Academic Communication (EAC) programs are offered by ICTE-UQ (Institute of Continuing & TESOL Education). A variety of relevant courses are run at the beginning of each semester and are offered on a part-time basis. Check the website for more information.

COST OF LIVING

Brisbane is an affordable city offering a lower cost of living than Sydney, Melbourne, Perth and Canberra*. To make the most of your time in Australia, we recommend you plan and budget for your study and vacation time.

*studentcities.com.au

Yearly costs

How much it will cost you to live in Brisbane will depend partly on your lifestyle preferences. For example, if you live in a share house (off-campus private accommodation), your yearly budget will be in the range of \$17,000–\$25,000. In addition to this amount, you will also need to consider establishment costs such as buying furniture, paying a rental bond and setting up electricity, gas and mobile phone accounts, as well as other expenses such as visa and medical fees, tuition fees, return airfares, and Overseas Student Health Cover (OSHC). Remember that exchange rate variations may also affect your budget.

Weekly expenses

The table below estimates weekly expenses for studying at UQ. These are estimates are a guide only and prices vary according to your lifestyle. UQ tuition fees, textbooks, clothing, entertainment, printing, and

healthcare costs are in addition to the figures below.

Working while studying

If you have a student visa you can work up to 40 hours per fortnight (two-week period) during university semesters, and full-time hours during vacations. In general, students shouldn't expect to cover tuition fees or living expenses by holding down a casual job.

If you are studying at UQ on a scholarship, you should contact your scholarship provider about how many hours you are permitted to work each week.

www.homeaffairs.gov.au/trav/stud/more/work-conditions-for-student-visa-holders

Student concessions

As a student, you can use your student ID to receive concession prices for public transport, the cinema, museums, software, technology and much more.

uq.edu.au/startingatuq/what-you-can-do-with-your-id-card

Visa information

When applying for a student visa, you must meet the Genuine Temporary Entrant criteria (www.homeaffairs.gov.au/trav/stud/more/genuine-temporary-entrant) and have sufficient funds to pay your tuition fees, living costs (and the living costs of any dependants, if applicable) for the duration of your studies. future-students.uq.edu.au/international/visa-information

Bringing your family

To apply for a Student Visa in Australia, you need to declare that you have access to sufficient funds pay your tuition fees and to support yourself and any dependants who are coming with you. This declaration is part of the UQ acceptance process. For children, you will also have to factor in school fees and childcare costs.

If you are bringing a spouse and/or children, they will need dependant visas.

General living costs and off-campus fees sourced April 2017 from: numbeo.com/cost-of-living/in/Brisbane.

*Cost of fully catered accommodation including utilities. These vary from residential college to college and are drawn from 2018 prices.

**Many student accommodation providers include electricity, gas and internet costs in rent; however, check with your provider to be sure. Please note – these fees are based on 2018 prices. Students should allow for a four to five per cent increase in living expenses each year. For the most up-to-date cost of living prices see: future-students.uq.edu.au/international/cost-living.

FEES AND EXPENSES

As an international student, you will pay tuition fees, a services and amenities fee, and potentially other administrative fees. Some programs have additional costs; see individual program listings for details.

Tuition fees

Tuition fees vary according to program. We have provided an indicative annual tuition fee for each program in this guide. This indicative amount is based on a standard full-time study load for the whole year.

UQ has program-based tuition fees for coursework award programs, meaning that all courses within a program are charged at the same tuition fee rate per unit for a given academic year. Some programs also have additional costs. Tuition fees are reviewed annually.

future-students.uq.edu.au/apply/international/tuition-fees

Student Services and Amenities Fee (SSAF)

The SSAF is charged to every award student each semester for the provision of non-academic services. In 2018 the annual SSAF was capped at \$298 for a full-time, internal student.

Scholarships

The University of Queensland offers competitive scholarships to help high-achieving students fund their tertiary education. For more information, and to check your eligibility, visit: scholarships.uq.edu.au

Health insurance

If you will be coming to Australia on a Student Visa, you will need to purchase Overseas Student Health Cover (OSHC) as one of the conditions of your visa. This is an insurance policy that covers you for basic medical and hospital care and is required from the day you arrive in Australia until you leave. UQ's preferred OSHC provider is Allianz Global Assistance. UQ can organise your OSHC with Allianz when you accept your UQ offer and pay your tuition fee deposit. Alternatively, you can obtain your own OSHC from a government-approved OSHC provider.

Financial aid

We can help students from North America, as well as some countries in Europe and Latin America, apply for student loan programs that are offered in their home countries. These loans can help you cover a portion of your educational expenses while studying full-time at UQ.

future-students.uq.edu.au/apply/international/financial-aid

Refunds

Refunds are only made to international students in certain circumstances and in accordance with our Fee Rules and International Student Refund Procedures.

UQ PARTNERS

UQ has links worldwide and is also a proud member of the prestigious Group of Eight and Universitas 21 networks.

UQ's partnership network

UQ has a strategic partnership network across more than 50 countries, which includes leading organisations and institutions across higher education, research, industry, government, sponsorship and philanthropy.

As a key component of UQ's broader Global Strategy, UQ seeks to ensure a cohesive and coordinated approach to collaboration with international partners. UQ partners for global impact by building meaningful relationships worldwide and leveraging our strategic global presence. UQ's global connectedness has a multitude of beneficiaries, leading to research outcomes, products and services that have real impacts on people around the world.

Through our partnerships, UQ students can study in more than 40 countries to develop and broaden their perspectives, build international networks and prepare for global careers. Almost a quarter of UQ's undergraduate students engage in an international experience of some kind during their studies.

UQ is also a member of a number of global networks that enhance the opportunities for collaboration for our staff and students, including: Universitas 21, a select international network of comprehensive, research-intensive universities; edX, the world's leading consortium of Massive Open Online Courses (MOOCs); and the McDonnell International Scholars Academy, a select group of research universities that aims to develop future leaders and promote global awareness and social responsibility.

UQ also has a number of arrangements with international institutions to facilitate the progression of students from those institutions to UQ through credit transfer.

UQ TERMINOLOGY

Alumni

All UQ graduates are considered UQ alumni.

Assessment

Assessment is completed as part of your course. It can come in the form of assignments, examinations, oral reports, debates, projects, research summaries and laboratory practical reports.

Australian student (also known as Domestic)

A student who is an Australian citizen or permanent resident, or a New Zealand citizen.

Bachelor degree

A qualification awarded for the first level of study undertaken at university, typically requiring three to five years of study (see also Undergraduate coursework programs).

Blue Card

An identification card issued under the *Commission for Children and Young People and Child Guardian Act 2000* that you need in order to work with children in Queensland, whether as paid employee or volunteer. You can apply for one through the UQ School administering your program. Blue card applicants undergo a complete national criminal history check.

Campus

The locations where a program is conducted. Some programs are taught at locations other than UQ St Lucia, or across more than one campus.

Census date

The last date to cancel enrolment in a course without incurring financial liability. Census dates are 31 March for Semester 1, and 31 August for Semester 2. Summer Semester census dates change each year depending on the start date of Summer Semester. Intensive teaching periods also have individual census dates that change each year according to the start date of the teaching period.

Compulsory courses

Courses that must be studied to complete the requirements of a program.

Confirmation of Enrolment (CoE)

A CoE is sent to you for when you wish to apply for a student visa, and is presented at your nearest Australian embassy, high commission or diplomatic mission.

Course

A component of study within a program.

Course profile

A statement of the essential details of a course, in particular its objectives and goals, how performance will be assessed and other general assessment expectations and penalties.

Coursework program

A postgraduate program where the assessable content by research represents less than two-thirds of the total assessable content (as distinct from a higher degree by research).

Commencement

Semester 1 in Australia generally begins in late February, and Semester 2 in late July, but some programs may start earlier. Check with the relevant UQ faculty.

Credit

1. Students receive credit towards a degree when they pass a course that is part of the program requirements.
2. Students changing programs (within UQ or from another university) may apply for credit, a value assigned for study completed in one program, towards the new program. See Credit transfer.

Credit transfer (or transfer credit)

Credit transfer may be granted when students change from one program to another, if the rules of the new program allow. Check with the administering faculty.

CRICOS code

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) code indicates a registered program offered to international students studying in Australia on a student visa.

Dual program

Two UQ degree programs undertaken at the same time (sometimes known as dual/parallel/combined/ double degrees).

Duration

The amount of time normally taken to complete a program, expressed in terms of full-time (F/T) or part-time (P/T).

Elective

A course that you may choose from a set of options. Some UQ programs allow elective courses to be taken from outside the main focus of the program or from other UQ programs.

Entry score

All undergraduate students are assigned a university entry score based on high school or post-secondary study results. Once you complete the equivalent of one full-time year of tertiary study (bachelor level or higher), your ranking is converted to a score based on grade point average.

Extended major (EM)

An extended major means that you can study 24 units or more within the same field as part of your degree.

External student

External students study by distance education and do not have to attend any on-campus classes, although attendance at residential schools may be required in some cases. Material is dispatched by mail or via the web. International students can only study external programs from offshore.

Faculty

The major organisational unit within UQ, with responsibility for academic programs. Faculties may have a number of sub-faculty academic units called 'schools'. There are six faculties: Business, Economics and Law; Engineering, Architecture and Information Technology; Health and Behavioural Sciences; Humanities and Social Sciences; Medicine; and Science.

Full-time (F/T)

75 per cent or more (six units) of the standard full-time study load (eight units) per semester for most programs. As an international student in Australia, you must complete your program within the specified duration. To do this, we recommend you enrol in eight units per semester.

Grade point average (GPA)

A statistic based on grades received and the number of units completed, indicating how successful you are in your studies.

Higher degree by research (HDR)

A postgraduate program where the assessable content by research represents more than two-thirds of the total assessable content (as distinct from a coursework program).

Honours

At UQ, Honours may be awarded as a one-year bachelor honours degree following completion of a bachelor degree; or as a four-year bachelor honours degree. Some undergraduate programs allow eligible students to transfer to a bachelor honours degree at a defined point in the bachelor degree.

IELTS

International English Language Testing System.

Immunisation

For some Health, Behavioural Sciences and Medicine programs, you must provide proof of immunisation against certain diseases, including Hepatitis B. See habs.uq.edu.au/placement-ready/immunisations.

Intensive

A flexible delivery study mode where you attend on campus for short periods only (typically 1–2 weeks).

Internal student

A student who attends classes (lectures, tutorials and practicals) on-campus during semester.

International applicant

An 'international' applicant is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol in an institution in Australia. Temporary residents of Australia are also classified as international applicants.

International student

A student who is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol at an institution in Australia. Temporary residents of Australia are classified as international students.

Major

An area of specialised study within a program of at least 12 units, e.g. history in an Arts program, which may be a formal requirement. Extended and dual majors are when the specialised area comprises a higher proportion of the degree.

Minor

A field within a program approximately half the value of a major.

Orientation (O-Week)

A program of activities and information sessions to introduce new students to the university, to assist the transition to tertiary study.

Part-time (P/T)

Part-time study is less than 75 per cent of the standard study load (i.e. less than six units per semester for most programs).

Placement

Also called work placement, internship, industry study, clinical practice, practicum, fieldwork, clinical placement, practical work, teaching practice or industry experience – this is a period of practical, work-related experience designed to enable you to practise professional skills in a real-life setting, usually at an organisation external to the University.

Plan/Field

A plan or field is an area of study within a program, for example, biology, physics, mathematics, or history.

Postgraduate coursework programs

Postgraduate coursework programs involve at least two-thirds of coursework. Study options include a graduate certificate, graduate diploma, coursework master's, and professional doctorate.

Prerequisites

Courses that you have to pass before you can enrol in a particular course, providing you with the appropriate foundation knowledge.

Program

A sequence of study leading to the award of a qualification such as a bachelor's degree, graduate diploma, or PhD.

Program code

A unique identifying number the University assigns to a program.

Quota

Some programs have limited places available.

School

The core, sub-faculty academic unit, responsible for teaching, research and interaction with professional organisations. Course coordinators and lecturers generally work in schools.

Semester

The University teaching year is divided into three semesters: Semester 1, Semester 2, and Summer Semester. Most programs only require you to be enrolled in Semesters 1 and 2 each year.

Teaching methods

At UQ we use a range of teaching methods, including lectures, tutorials, laboratory practicals, fieldwork, group discussions, and online modules and workshops. You will be required to complete assignments and examinations, and undertake independent study. Debate in classrooms is strongly encouraged.

Teaching spaces

Ranging from large, tiered lecture theatres to small tutorial rooms and specialised laboratories, we offer flexible spaces for group work, teaching and printing. All UQ lecture theatres and most tutorial rooms have Echo 360 installed so that teaching sessions can be recorded and accessed online.

Undergraduate coursework programs

Undergraduate coursework programs involve at least two-thirds of coursework. Study options include a bachelor degree (including honours), associate degree, dual program, and concurrent diploma.

Upgrading

If you are not offered a place in your preferred program, you can accept an offer in a program with lower entry requirements, improve your entry score during your first year of study and then apply for your preferred program.

Units

Units (#) represent the value of individual courses that contribute to the total unit requirement of an academic program. A standard study load is eight units per semester.

Workloads

International students must complete their studies within the minimum duration of the program (student visa duration).
