Services and Facilities

Campus

JCU Brisbane is conveniently located in the heart of Brisbane's Central Business District (CBD). The high rise campus provides students with access to modern facilities including; computer rooms, lecture rooms, student lounge, library, prayer rooms and free access to high speed Wi-Fi.

The Learning Centre

The Learning Centre (TLC) is staffed by two academic professionals who can provide you with free academic advice and assignment assistance. Our Learning Advisors are experienced and qualified in the areas of English, numeracy and literacy. Whether you are a student who is struggling or a high achieving student, TLC is the key to improving your grades, so make sure you come and see us!

Student Counsellor

Leaving family to start a new degree in a foreign country can be daunting. You may feel lost and in need of some guidance - counselling can help. Our student counsellor is a highly qualified professional with more than 10 years experience in this field.

Academic Excellence Award

The Academic Excellence award recognises and rewards top performing students who have excelled in their studies each trimester. Awards are of monetary value and are placed as a credit towards tuition fees for future subjects. Recipients of the Academic Excellence Award are ultimately eligible to compete for a JCU University Medal.

Student Mentor Program

This is a volunteer program designed to connect students with student mentors. We have found this network is a great way for new students to find the support and encouragement they need to achieve their potential. The aim of the program is to help students adapt to university life, as well as enhance their Australian study experience.

Student Lounge

The student lounge is set over one entire floor and is the best place to hang out on campus! Drop by between classes, lunch breaks and after hours to enjoy the pool table, foosball table, multiple TVs and even two Xbox 360s! The lounge also has a kitchen equipped with fridge and microwave facilities.

Library

The Library is a great place to study, complete assignments, research or chill out. The Library provides students with access to text books, general books covering teaching areas, access to MacBook Air laptops, online subject guides, and regular study skills workshops. Students also have 24/7 access to ejournals, eBooks, streaming videos and staff research.

Student Advocate

The Student Advocacy Officer assists students with their rights and responsibilities at JCU Brisbane. Specific examples of how the Student Advocate can support you include; reviewing grades, being a support person at academic appeals and hearings, providing assistance to those applying for a leave of absence or special consideration.

Joblinx

Joblinx is an Internship Placement & Career Development specialist; part of the Sarina Russo Group of companies, Australia's largest private sector jobactive provider.

OVERVIEW

JCU's Bachelor of Business (BBus) provides the solid foundations needed for a prosperous business career in a modern organisation. Upon graduating, students can apply the problem-solving and critical thinking skills that are valued in today's business world. The Bachelor of Business is JCU Brisbane's most flexible degree. Once the foundation is set with the core business subjects, students are then able to construct a personalised business degree to suit their chosen profession. With a wide range of majors available, we have something to suit everyone.

JCU BBus students are employer preferred for their ability to communicate professionally, make ethical business decisions and work in a global environment. With our

focus on work integrated learning, a JCU BBus degree will develop a student's personal and professional skills.

COURSE STRUCTURE

Each program is comprised of 24 subjects in total. Students must nominate one of the Business Majors listed when first making application for admission. The choice of a second major and/or minor(s) is normally made after admission to the course.

Every student must undertake at least one major. A variety of double majors and minors are available and students may study single or double majors and/or minors consistent with their interests, career aspirations and the course rules.

Leading To Work (LTW) is a feature of the program and the options at JCU Brisbane are described on page 13.

The program of 24 subjects is made up of:

Leading to Work Program

Preparing graduates for the dynamically changing job market

With employers continuing to express the need for closer links between industry and higher education, JCU Brisbane introduced the Leading to Work Program. This Program is offered exclusively to JCU Brisbane Bachelor of Business students, with a key focus on developing professional skills for employability within their field of study.

In class, students will have the opportunity to work as part of a team on industry projects and work with corporate leaders. Students also participate in industry visits and other professional business tours. Professional internships are a key component of the Leading to Work Program. This valuable opportunity sees top performing students gain hands-on training in an Australian business. Students will work as a member of the team and will be given the opportunity to develop professional skills by undertaking set tasks allocated by the employer.

Therefore, to prepare and equip our students to be employer-preferred, work-ready graduates, JCU Brisbane encourages students to engage with industry professionals throughout their studies.

Faisal Contractor

Regional Digital Director - McDonald's Middle East and North Africa

"After deciding to study a master's program in Australia, my overall objective was to ensure specialisation whilst gaining an overall scope of business that would enable me to lead organisations or potentially start up my own business. For this reason I studied the MBA-MIT degree at James Cook University Brisbane.

Learning from lecturers and speakers who are not just limited to the JCU Brisbane faculty but are actual business leaders, was a sheer pleasure. Furthermore, I found JCU Brisbane to be a friendly and inspiring environment that thinks about the overall wellbeing of its students.

My MBA-MIT course provided me with an unforgettable experience and an invaluable skill set that helps me every single day in my current role as the Regional Digital Director for the brand McDonald's in the Middle East and North Africa region.

The support I received as a student at JCU Brisbane not only made me proud of my decision to study at JCU Brisbane but has made me an avid advocate for what they offer."

Vendell Furtado

Master of Information Technology / Master of Business Administration
India

"Why JCU Brisbane? I think there would be very few universities where it feels like home. The fact that the campus is culturally diverse and in the heart of Brisbane City makes it the perfect place to study and meet students from various backgrounds.

Speaking of the advantages, one major advantage is that throughout my course the staff have been exceptionally helpful, they have been there when I needed them most. With excellent study materials and practical knowledge of both IT and the Business side of things, this course has made me ready to face real world challenges head on. Along with studies, the various workshops for learning and extracurricular activities have kept me busy and open to learning new things every day. Finally, the major advantage at JCU Brisbane would be Joblinx. Joblinx and their experienced staff helped me secure an internship in a matter of weeks. This allowed me to gain real experience in the Australian IT and Business sector, keeping me one step ahead when applying for that much awaited job."

Professional Accreditation

All students who enrol in the MIT (Business Informatics) or MIT (Computing and Networking) degree will receive a complimentary membership with the Australian Computer Society (ACS). This scholarship is sponsored through the JCU Brisbane Student Association.

ACS is the peak body and Professional Association representing Australia's ICT sector. As a member, students will have access to networking events and professional development courses at a discounted rate.

Students will have access to 50 online courses that have been designed specifically for students, 33,000 digital learning videos and more than 600 events annual events.

Partnered with the ACS membership, our Information Technology degrees will provide students with unparalleled opportunities to not only learn from the best but to network with the best.

English Language Pathway

Sarina Russo Institute provides a pathway to JCU Brisbane for students who do not meet the English language entry requirements. Students have the option to complete one of three English language programs, this will provide a period of English language classes to improve English proficiency and end with an offer for the JCU degree program. Committed teaching staff provide comprehensive support to ensure students are well prepared for university study.

Sarina Russo Institute provides the highest standard of English language learning in a friendly and supportive environment. Located in the same building as the university, students will have access to the same services as JCU Brisbane students. This approach ensures a seamless transition into university.

ENGLISH LANGUAGE PROGRAMS

Bridging English Entry Program (BEEP)

BEEP is a 10 week English course providing students with the necessary language and academic skills to successfully undertake a postgraduate university degree.

Unipath English

This program is designed to prepare and equip students for further studies at diploma and undergraduate level, focusing on academic requirements, expectations, development of language skills and learning strategies.

Intensive General English

This course is designed to help students develop their confidence in using English for general purposes. Students improve their skills in speaking, listening, reading and writing. A strong focus on grammar, vocabulary and pronunciation provides students with the ability to communicate more effectively in English. This course is flexible, allowing students to tailor their studies to fit their individual needs.

For more information about the courses offered by our English partner, please visit srienglish.edu.au.

English Language Entry Requirements

Students are required to demonstrate English language proficiency by completing a test such as Academic IELTS or TOEFL (other English language tests may also be accepted). Presentation of English language test results are usually required to gain admission into university.

Alternatively, students who have completed two years of full time study, where the medium of instruction and assessment was English, may satisfy the English Language requirements.

Student Visas

How to obtain an Australian visa for study at JCU Brisbane

As of 1 July 2016, the new Simplified Student Visa Framework (SSVF) came into effect.

This means there are new requirements to consider when applying for a Student Visa to study in Australia.

You or your Agent (on your behalf) will need to apply for your visa directly with the Department of Home Affairs. All international students will now apply for a single student visa (subclass 500), regardless of their chosen course of study.

What does this mean for you?

- Mandatory online lodgement of Student Visa Applications
- Student document check list tool (this tool allows you to provide evidence to ensure you meet financial and English language requirements)
- A new immigration risk framework is used to guide the evidence of English language and financial capacity that a student needs to provide with their visa application

Key Requirements for student visa (subclass 500):

- Genuine temporary entrant (GET) requirement
- Enrolment in a registered course of study
- Financial capacity and English language proficiency
- Health and character
- Health insurance
- No debt to the Australian Government

For more information, please refer to The Department of Home Affairs www.homeaffairs.gov.au

Working as a Student

Under Australian immigration regulations, students on a student visa may work up to 40 hours per fortnight during university teaching periods and without restriction during university vacations.

Permission to work in Australia will be automatically included when the student is granted a student visa.

For further information regarding your working rights please refer to www.fairwork.gov.au

Working Rights for Partners

If a student's spouse is joining them, they will also be able to work whilst the student is studying in Australia and can apply for a permission to work visa. The work conditions for the spouse will vary depending on the degree that is being studied.

Bringing Family

Spouses and children can join the student in Australia but each family member must be added to the student visa application, and certain conditions will apply depending on the age of each family member.

If the children will be attending school while in Australia, school fees will need to be paid for them. For more information, visit:

www.eqi.com.au

ESOS Act and Tuition Protection Service

As a provider of education services to international students in Australia, James Cook University is required to comply with the Education Services for Overseas Students Act (ESOS Act) and the National Code of Practice for Registration Authorities and Providers of Education and

Training to Overseas Students (The National Code). The ESOS legislation and National Code, specify minimum standards for the delivery of courses to students in Australia studying on a student visa and regulate what information must be given to existing and prospective international students, what support must be provided to existing students, what records are kept and what information is to be given to government agencies about international students. For more information visit the ESOS Act webpage.

JCU's Tuition Fee Policy for International Students applies to overseas students who do not commence their studies with JCU, or withdraw before their course is completed. The policy sets out the circumstances in which a student is entitled to a refund as required under the ESOS Act, and can be found at:

www.jcu.edu.au/policy/student-services

Important Information

The Tuition Protection Service (TPS) is a placement and refund service for international students studying on a student visa which also operates under the ESOS Act. The TPS replaces the Tuition Assurance Scheme and the ESOS Assurance Fund. On the rare occasions that a provider is unable to deliver a course an international student has paid for and does not meet its legal obligations to make alternative course replacements or provide a refund, the TPS will assist students to find an alternative place or, if this is not possible, provide a refund of any unspent tuition fees. For further information see:

www.tps.gov.au

Deferral, Temporary Suspension or Cancellation of Enrolment

The ESOS National Code and student visa conditions contain restrictions on when students, or JCU, can defer, suspend or cancel a student enrolment. Deferring commencement of study, or taking a leave of absence once studies have commenced can only take place when there are compassionate or compelling reasons for doing so. A "compassionate or compelling reason" is something which is beyond the student's control and which has, or will have, an impact on academic progress or wellbeing. The university may suspend a student temporarily, enforcing a break from study, in certain circumstances. For more information on deferral, suspension and cancellation of study see our website.

Registration and Orientation Week

Registration and Orientation at JCU Brisbane is compulsory for all newly enrolled students to attend. This week is spent ensuring that all students are correctly registered and enrolled in their program, receive their student cards and get their student logins, so they can start their chosen course and subjects on time.

Registration and Orientation is also a campus-wide celebration for students commencing their studies at JCU Brisbane, it is an excellent opportunity to meet lecturing staff and make friends upon arriving in Brisbane.

For most students, this week is usually the first taste of university life in a new country, and for this reason, Registration and Orientation at JCU Brisbane has been carefully planned to ensure

students a smooth transition into Australian studies and campus life, enhancing the student experience.

Registration and workshops are compulsory, therefore flights to Brisbane will need to be booked to include attendance at these events.

A detailed schedule for Registration and Orientation week is usually available online at www.jcu.edu.au a month before the start of a new trimester.

How Potential Students Will Be Assessed

The university has a variety of assessment methods that apply to its courses. These include examinations, essays, oral presentations, group projects, assignments, quizzes, practical examinations, placements, laboratory reports, class participation and workshops.

Mode of Delivery

All programs and subjects are timetabled over each trimester. Students on study visas must attend each trimester with a study load of three (3) subjects minimum.

All conditions of attendance and study can be found on the JCU Website Student Policies at www.jcu.edu.au/policy/student-services

Planning Your Budget

TUITION FEES

Tuition fees vary between degrees, and increase each new calendar year. Up to date course fees and duration can be found on our website at www.jcub.edu.au. Annual fees are calculated based on eight (8) subjects.

OVERSEAS STUDENT HEALTH COVER (OSHC)

Students are required to organise private health insurance before coming to study in Australia and to maintain this insurance for the duration of their studies. Norwegian and Belgian citizens do not require OSHC. OSHC is a requirement for student visa holders only. Students may arrange their own OSHC or have JCU arrange it on their behalf. Fees vary depending on the length of the student visa and are subject to change. OSHC fees are approximately \$AU 609* per year for a single student. Students with a spouse and/or other dependants are required to pay a higher premium.

BOOKS AND MISCELLANEOUS STUDY EXPENSES

A minimum of \$AU 400 per trimester is required for text books. Students will also need to budget for other study associated costs such as stationery and subject text books.

STUDENT SERVICES AND AMENITIES FEE (SSA FEE)

The income from the SSA Fee is used to improve services and facilities on and off campus. The SSA Fee is helping to build a better university experience for all students.

The SSA Fee is charged on the basis of study load. In 2018, the Fee is \$44.10 per 3 credit points.

ESTIMATED WEEKLY COSTS	\$AU

Fees are correct at time of printing (February 2018).

Annual fees are calculated based on eight (8) subjects.

Each subject offered at JCU Brisbane carries 3 Credit Points toward the degree.

*The tuition fee liability incurred by continuing students is subject to increase at a rate compounded annually based on the student's year of commencement, in increments of no greater than 4 per cent. All subsequent increments are applied from 1 January each year, irrespective of the teaching period/trimester in which the student commenced.

How to Apply

Step 1

Select the degree you want to study at JCU Brisbane (take note of duration and cost) and then complete the application form. It is important that you complete ALL sections of the application form as clearly and fully as possible. Please also ensure you nominate your preferred course major if applicable.

NOTE: Please ensure you allow sufficient time before your course commences for all of the following steps to be completed. (ie from submission of application to granting of student visa). Make sure you allow enough time to arrive in Brisbane in time to attend Registration/Orientation and to settle in before classes start.

If it is considered that your application has arrived too late for it to be possible for you to commence study in your preferred trimester, you will be assessed for entry in the next available intake.

Step 2

Send your completed application form with all supporting documentation including certified academic transcripts and IELTS/TOEFL/Pearson (PTE Academic) scores (if required), to JCU Brisbane Admissions.

Please indicate on your application form if you wish to be considered for Advanced Standing.

NOTE: If documentation is in a language other than English, an official certified translation must be included and translated by the issuing organisation or by an official translating service.

Step 3

Your application will be assessed on academic and English entry requirements for your preferred degree.

Step 4

If your application is successful, we will generate an electronic Letter of Offer which you will receive by email. The Letter of Offer includes:

- name and duration of the degree into which you have been accepted
- any Advanced Standing you have been awarded for previous study
- tuition fees and other costs
- Terms and conditions of enrolment

Step 5

Once you have received your Letter of Offer, please sign each page, complete the Acceptance and Payment form, ensuring you meet any conditions outlined in your Offer Schedule and return it to International Admissions, or your JCU Brisbane representative, along with any payment as set out in your Offer letter.

Step 6

An electronic Confirmation of Enrolment (eCoE) will be issued. This is the document you will need to obtain a student visa for Australia. More details will be provided upon acceptance of your offer.

Step 7

Use your eCoE to obtain a student visa from your nearest Embassy or Consulate.

NOTE: Visa applications can take up to three months or more to process depending on your citizenship and the country from which you are applying.

Step 8

Once you have a student visa, you are ready to travel to Australia and begin your study.

NOTE: Not all applicants are eligible to apply directly to the university and are required to apply through one of our JCU Brisbane registered agents. A current list of our registered agents can be found on our website www.jcub.edu.au/courses/how-to-apply.aspx

DECLARATION (all applicants must complete)

I declare that the information I have supplied on the application form is, to the best of my knowledge, complete and correct. I acknowledge that my application for admission is subject to acceptance by JCU which has power to impose conditions. I further acknowledge that in the event my application for admission as a student at JCU is accepted, and in consideration of provision of educational resources by JCU, I will be bound by the provisions of JCU's relevant student handbooks, statutes, rules and policies as are in force from time to time, and will be subject to the lawful instructions of officers of JCU.

SIMPLIFIED STUDENT VISA FRAMEWORK

I make this declaration in relation to my application for my preferred course/s at James Cook University (JCU). I understand that the university will rely on this declaration in relation to any offer of enrolment in the course which is made to me. I understand the university will rely on this declaration in relation to any offer of enrolment in the course which is made to me.

I declare that:

- I am a Genuine Temporary Entrant and a Genuine Student*;
- Studying the course is my primary purpose for coming to Australia;
- I understand that if I am granted an Australian student visa, I will have to comply with the conditions on that visa;
- I believe that I am academically qualified for the course I have applied for and have, or will have, the English proficiency level required to commence the course;
- I have calculated the cost of my course, am aware of the current exchange rate between the currency of my home country and the Australian dollar and understand that the exchange rate will vary from time to time;
- I have genuine access to the total funds required, while in Australia, to cover all tuition fees, travel (including return airfare), living costs and overseas student health cover for myself and my dependants (if any) for the duration of the course;
- If I have ever been refused a visa for entry into Australia, I have advised JCU and provided a copy of the visa refusal notification from DIBP and any other relevant documentation; and
- If I have ever been refused a visa for entry into another country, I have advised JCU of the country and provided relevant documentation.

Additional Study Locations

CAIRNS

JCU's Cairns campus combines a spectacular natural setting with modern and innovative teaching facilities. The campus is located at the foot of rainforest-covered mountains, 15 kilometres (approximately 9 miles) north of the city centre and near the popular northern beaches suburbs.

Over 4,000 Australian and international students are enrolled at our Cairns campus. Our students enjoy small class sizes and excellent practical work experience programs through JCU's industry partnerships. These vital opportunities enhance academic learning while developing essential employability skills.

JCU is looking forward to welcoming the first students to on-campus accommodation in Cairns, in 2018. The first stage will house 300 students and there are plans to expand to 1,000 in the longer term.

In 2017, the innovative JCU Cairns City campus opened in the heart of Cairns' Central Business District. The campus is designed to provide a range of facilities and services to students and staff and business and community organisations.

James Cook University Brisbane 2018 International Prospectus is published by JCU Brisbane, a Russo Higher Education operated campus.

This publication is intended as a general introduction to JCU Brisbane. All care has been taken to ensure information is correct at the time of publication (February 2018). If you wish to apply to the university, contact any of its offices to confirm current admission requirements. The university reserves the right to alter any admission requirement or degree included in this publication without prior notice.

TOWNSVILLE

The JCU Townsville campus is located in a peaceful setting of natural bush and parkland full of native Australian flora and fauna 13 kilometres (8 miles) from the city centre. Over 13,000 Australian and international students are enrolled at JCU Townsville.

JCU's Townsville campus has impressive teaching and research facilities, including a modern medical precinct opposite the Townsville Hospital, the largest teaching hospital in regional Australia. The campus also offers a wide range of facilities and services including a pharmacy, childcare, sporting amenities, food outlets, and state-of-the-art laboratories and learning facilities.

In March 2015 JCU opened a campus in Townsville's city centre, to increase student access to practical work integrated learning opportunities, by working with business and industry.

SINGAPORE

The Singapore campus of James Cook University is fully owned by James Cook University Australia. JCU established its Singapore campus in 2003 as part of its expressed intent of internationalising its activities and offers a suite of university level programs at the Singapore campus covering the areas of business, information technology, psychology and education.

JCU has been awarded the EduTrust Star, which is the highest level of accreditation in Singapore for private education providers. This is only awarded to those institutions that can display the highest possible standard in their academic programs, student experience and in the manner in which they operate. JCU is the first organisation with this accreditation.

JCU has also been awarded the Singapore Quality Class STAR (SQC STAR). The SQC STAR recognises SQC organisations that have made further improvement in their business excellence journey.
